# About Atari®

Founded in 1972, Atari was a defining influence in the world of electronic entertainment — particularly in its late '70s to mid-'80s prime. The name stems from a term used in the East Asian board game "Go", and is associated with good fortune and victory.

Atari was a pioneer in the world of coin-operated video games, and responsible for some of the very first video games to capture the imagination of the public. This collection for your Evercade gathers together some of the company's finest work from the earliest days of the arcade and invites you to rediscover the birth of the video game medium as we know it today.

# Asteroids Deluxe<sup>®</sup>

**Year Released**

1981

**Developer**

Dave Shepperd

**Genre**

Multidirectional  
shoot 'em up

**Fact**

Asteroids Deluxe's more challenging gameplay was developed to combat an exploit in the original Asteroids that would allow experts to play for hours at a time!

**VS**

1-2 players  
alternating

First Released in 1981, Asteroids Deluxe is a more challenging variant on Atari's classic Asteroids game. Blast the never-ending streams of space rocks, but watch out for the alien saucers and killer satellites! Jump to hyperspace and cross the map to escape the oncoming threats of asteroids and aliens, but do so at your own risk - who knows where you will reappear.

# Super Breakout®

**Year Released**

1978

**Developer**

Ed Rotberg

**Genre**

Block-breaker

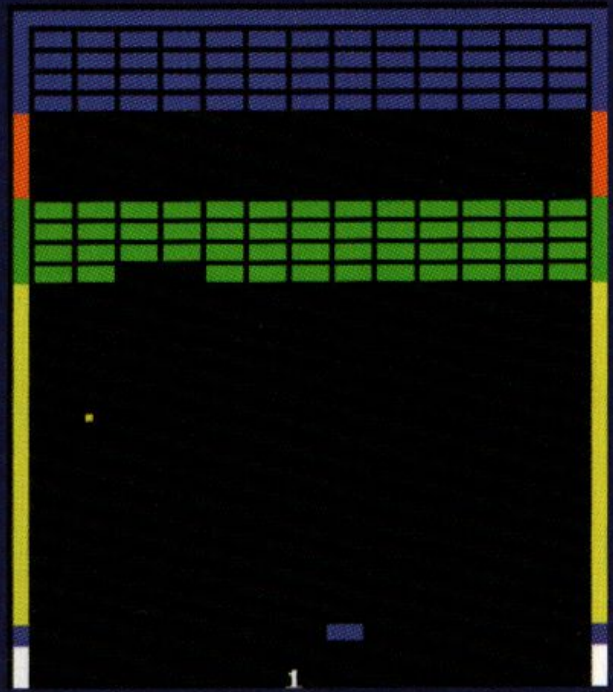

**Fact**

Various releases of Super Breakout have attempted to add a story, with the strangest featuring a NASA pilot attempting to break through a rainbow barrier in space!

**VS**

1-2 players  
alternating

Offering three distinct modes of play, Super Breakout is the original block-breaker, and one of the most influential games of all time. Compete against an ever-advancing wall in Progressive mode, free two trapped balls in Cavity mode, or control two paddles at once in Double's multi-ball action! Are you up to the challenge?

# Centipede<sup>®</sup>

## Year Released

1981

## Developer

Dona Bailey,  
Ed Logg

## Genre

Shoot 'em up

## Fact

Get closer to the spider to score more points when you zap it!

**VS**  
1 player

Centipede was one of the most commercially successful games from arcade gaming's "golden age", which gaming historians regard to have run from 1979 until the early 1980s. Shoot all the segments of the centipede as it descends the screen — but watch out for all the other hazards the garden has to offer!

Get the gems, Bentley Bear! Navigate your way through the evil Berthilda's 37 perilous castles and grab as many of the sparkling crystals as you can. But watch out – you're not the only one after the shinies! Run through Gem Eaters while they're swallowing to defeat them, jump over Nasty Trees to stun them and take out Berthilda with the Magic Hat!

# Liberator

**Year Released**

1982

**Developer**

Dennis Harper

**Genre**

Shoot 'em up

**Fact**

Commander Champion and the Atari Force appeared in issue 53 of DC Comics Presents and issue 27 of The New Teen Titans.

**VS**

1-2 players

# Lunar Lander<sup>®</sup>

**Year Released**

1979

**Developer**

Howard Delman,  
Rich Moore

**Genre**

Simulation

**Fact**

This was the first game to feature multiple perspectives thanks to its "zooming" vector graphics.

**VS**

1 player

Atari's Lunar Lander wasn't the first game to challenge players to safely touch down on a craggy lunar surface, but it was the most popular. Watch your speed and land as many times as you can to score the most points possible. Watch your vertical and horizontal speed carefully, and make sure you reach the ground as gently as possible for the best score.

## Quote

"We didn't do a square ball in Pong because we thought it was cool. We did it because that was all we could do." - Nolan Bushnell

## VS

1-2 players  
simultaneous

Created by Alan Alcorn as a training exercise assigned to him by Atari's co-founder Nolan Bushnell, Pong went on to become the first commercially successful video game. And despite its simplicity, it's still one of the most competitive two-player video games in the world! Grab a friend and enjoy a fierce battle from the very dawn of video games.

It's a lovely day to jump out of a plane, so that's exactly what you and a friend are going to do. The later you open your parachute, the more points you'll score — but the smaller the landing pad gets, too. Remember to keep an eye on the wind — the windsock on your landing pad will show its speed and direction.

# Canyon Bomber®

**Year Released**

1977

**Developer**

Howard Delman

**Genre**

Action

**Tip**

The bombs you drop from the blimps are more powerful; try and hit the high-value targets with these to take an early lead!

- Exciting new blimp and bi-plane bombing action
- Time-adjustable to 3, 4, 5 or 6 misses per game
- Extended bonus play reward as player skill increases

- 1 or 2 players
- Built-in self-test system
- Coinage options
- 4 video message language options
- 23" monitor

**VS**

What good is a canyon if it's full of rocks? Drop bombs from your blimp and your biplane into the canyon to clear up the mess – and do your best to score more points than your opponent while you're at it! This deceptively simple game is all about timing – learn how your bombs fall, and aim for the higher-value targets at the edges!

# Warlords<sup>®</sup>

**Year Released**

1980

**Developer**

Carla Meninsky,  
Atari, Inc.

**Genre**

Block-breaker

**Fact**

The Atari 2600 version of Warlords was developed first, but the arcade version ended up releasing first.

**VS**

1-4 players  
simultaneous

You are a warlord, and you're not at all happy about the other warlords who live nearby. Blast down your rivals' walls by deflecting the local dragon's fireballs with your shield, then declare yourself the indisputable ruler of the region. Catch the dragon's fireballs for more accurate, powerful shots – but don't hold on to it for too long, or you'll take yourself out!

# Night Driver

- Players can push-button select "Novice," "Pro" or "Expert" tracks
- Optional switch-adjustable to different set of 3 tracks
- Operator adjustable game time
- Optional extended bonus play
- Self-test program built in
- New 4-speed "N" shift
- New hidden power switch accessible from outside front

**Year Released**

1976

**Developer**

Dave Shepperd,  
Ron Milner,  
Steve Mayer,  
Terry Fowler

**Genre**

Racing

**Tip**

Once you get a feel for the game, it's easier to get higher scores on harder difficulties.

**VS**

Single player only

If you'd drive all night just to buy a loved one some shoes, this is the game for you – it's also one of the first ever first-person perspective games. Put the pedal to the metal and drive as far as you can before time expires! Score 300 points for some extra time to keep your nocturnal journey going a little longer, but make sure you stay alert!
