ABOUT INTERPLAY

Since 1983, Interplay Entertainment has developed and published hundreds of highly regarded games and has produced and licensed titles for many of the most popular interactive entertainment software platforms in the action/arcade, adventure/RPG and strategy/puzzle categories. Interplay's portfolio of well-recognized titles includes Battle Chess, ClayFighter, Descent, Earthworm Jim, Freespace, Giants, Messiah, MDK, Run Like Hell, and Sacrifice. Interplay also holds rights to many former Virgin Interactive and Titus Interactive titles.

This collection brings together several favorites from the Interplay catalog. We hope you enjoy playing these games as much as it pleases us to bring them to you.

ABOUT THE GAME:

The space cadet earthworm is back for some more action in this sequel to the 1994 blockbuster. Princess What’s-Her-Name is back in the clutches of the Psy-Crow and there’s all sorts of characters involved in the heist. Whether you’re taking out the Psy-Crow’s henchmen or helping get cows to safety, Earthworm Jim 2 delivers on every level from creativity to great platforming action.

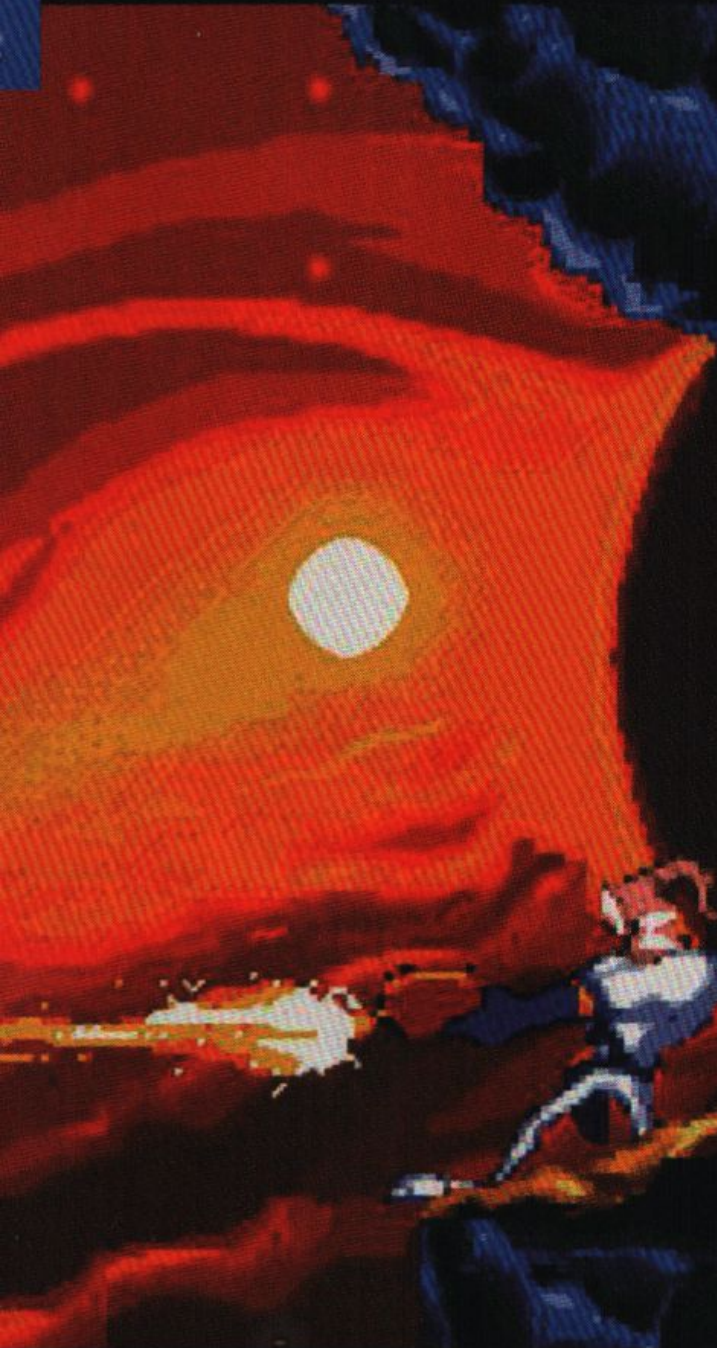

TIPS:

There is more than one way to get through each stage and, if you’re having a hard time, you might want to look for a better way.

CLAY FIGHTER 2

“JUDGEMENT
CLAY”

CONTROLS DIAGRAM:

ABOUT THE GAME:

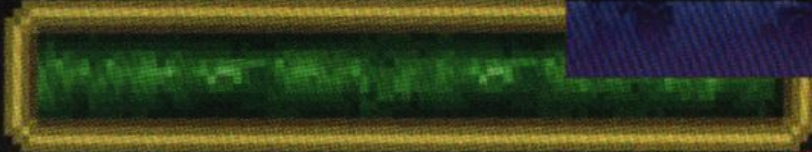

CGI graphics were on the big screen in a Judgement Day at the box office and Interplay sought fit to make that the theme for the sequel to Clayfighter, Judgement Clay. Everything from the first game is back and bigger than ever before in a game that riffs on popular culture of the time in multiple ways but stays close to its fighter roots.

TIPS:

Stringing together combos is the surest way to victory in a contest of the dueling health bars.

CLAYMATES

VERSION RELEASED: 1994
DEVELOPER: Visual Concepts
PUBLISHER: Interplay
Productions
GENRE: Platformer

CONTROLS DIAGRAM:

ABOUT THE GAME:

What do you do when your whole schtick is riffing off of what is popular at the time? If you're Claymates, you put a zany twist on the prerendered graphics used by other platforming games. It might not be the monkey antics you expect, but it's right at home in a Saturday morning cartoon and offers solid platforming challenges from the start to finish.

TIPS:

Don't get sloppy with your platforming - Claymates can be pretty unforgiving.

ORIGINAL MUSIC BY: Laurent Mignard, Gilles Rea

GENRE: 2D Platformer

ABOUT THE GAME:

Your village is facing a harsh winter and the evil dinosaurs have stolen all of your food. It is up to you to get it back - and get revenge on those thieves that put you all in danger!

TIPS:

There's a lot happening on screen so be sure you're tracking what matters before you catch a bone upside the head.

The Adventures of

RAD GRAVITY

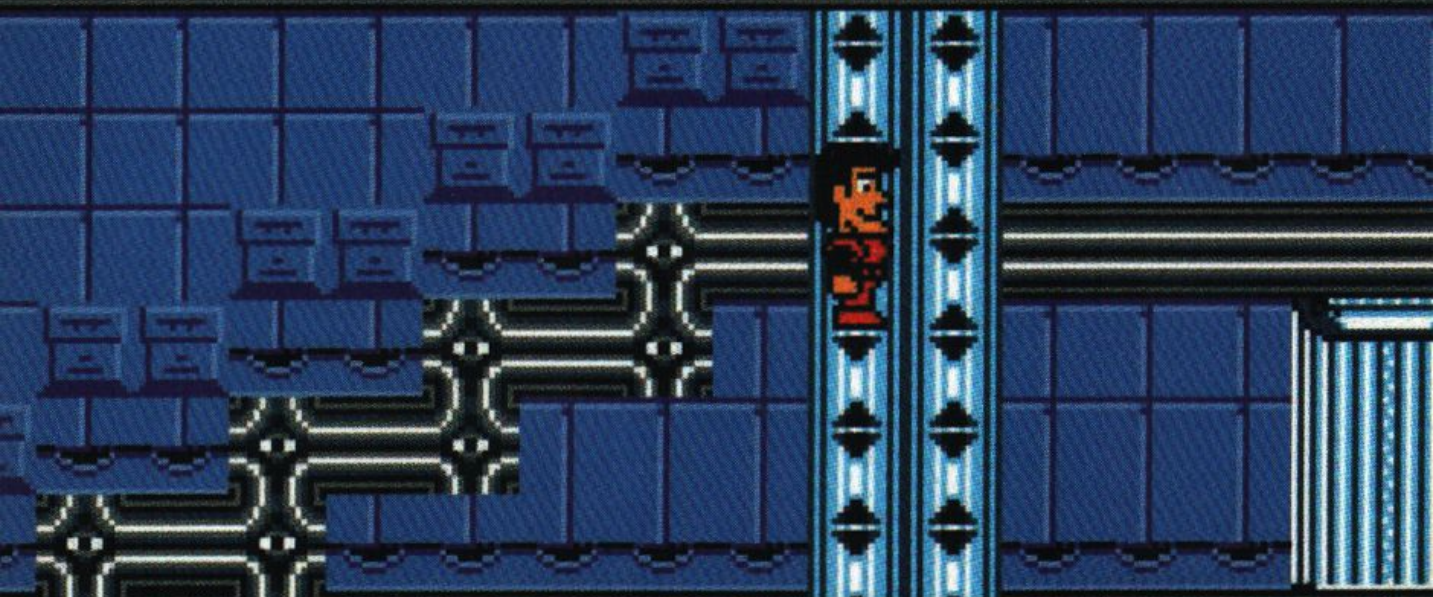

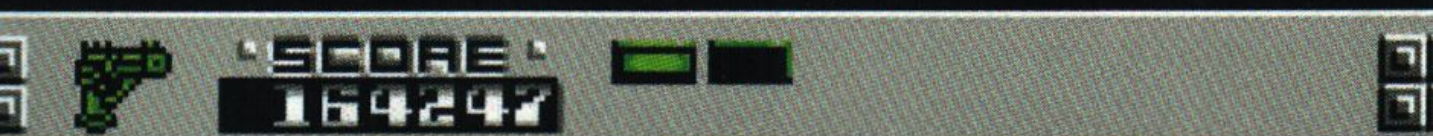

VERSION RELEASED: 1990

DEVELOPER: Interplay Productions

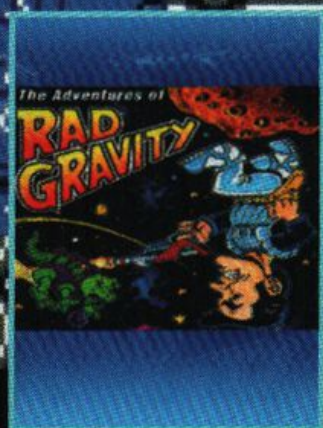

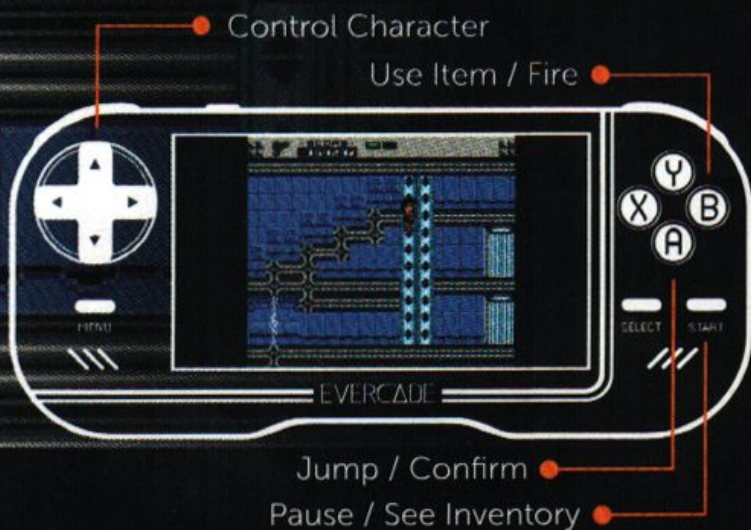

ORIGINAL DESIGNER: Brian Fargo
and Michael Quarles

ORIGINAL MUSIC BY: David Warhol

GENRE: Platformer

CONTROLS DIAGRAM:

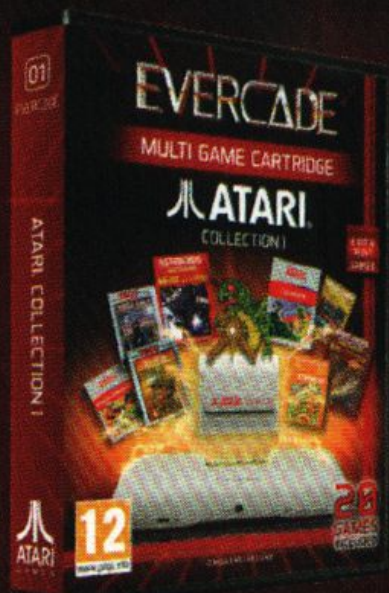

ABOUT THE GAME:

Rad and Kakos have to find the other Compuminds scattered throughout the land as the mysterious antagonist seeks to disrupt communication between the worlds forever.

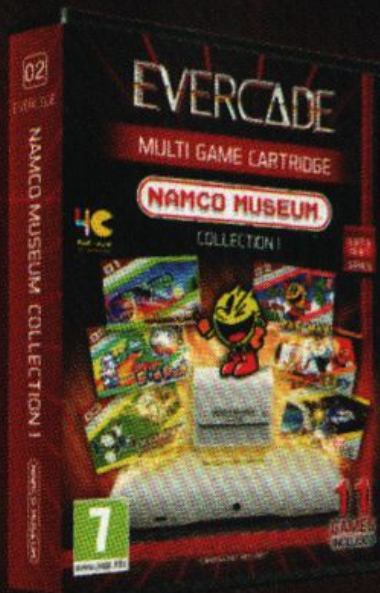

TIPS:

The labyrinths all start to look the same after a while so you might want to make sure you don't get lost while trying to fend off an enemy.
