ABOUT MEGA CAT STUDIOS

Established in 2015, Mega Cat Studios is a modern developer, dedicated to classic consoles. Every game that Mega Cat brings to market has been created to work with the consoles of the past. The pixel aesthetic is consistent across all Mega Cat games along with elements of humor and Easter eggs that retro gamers love.

Play a Mega Cat Studios game and you will experience craftsmanship that is as good as any historical studios.

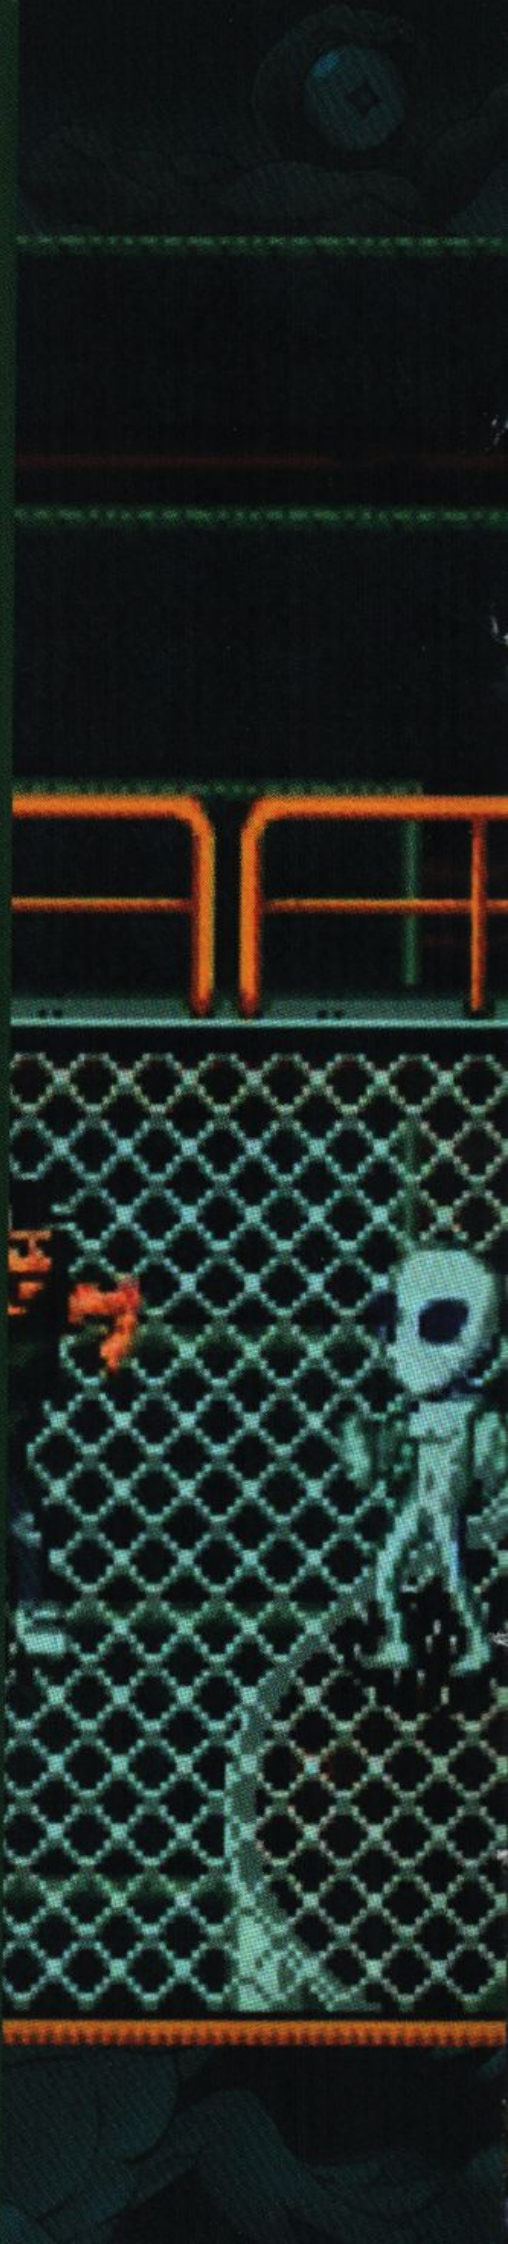

COFFEE CRISIS

ABOUT THE GAME:

The Smurglians have come to Earth to steal our three most precious commodities: Coffee, Metal Music, & Wifi. Grab a fistful of alien meat and fight them back! Use coffee powerups and bash your way through the streets of Pittsburgh. This game was created in collaboration by the Black Forge Coffee House in Pittsburgh who penned the story, whilst Mega Cat Studios did the art and programming. The result is a stunning game and a humorous experience to boot.
